

## COURSE ON METHODOLOGY OF WRITING HIGH-QUALITY SCIENTIFIC PAPERS

for professors, researchers, post-graduates &  
students

Publish your papers in  
SCI (ISI - Web of Science) indexed journals with ease

Improve your knowledge and skills in publishing academic research

**May 26, 2017**

9:00-17:00

Belgrade, Serbia

The course aims to provide information on a range of skills that are essential to develop a career in scientific research. The course is independent of any academic subject, focusing more on the philosophy needed to make a successful career in research, whatever the subject.

A career in science is largely built on the (perceived) quality of publications that a researcher (or a team of researchers) offers his or her colleagues. If these publications are numerous and of high quality, they lead to research funding and employment.

The course will be held **in English** and available **online - video streamed**.

**Lecturer - PROF. DR STEVE QUARRIE**
