

Dear colleagues,

It is our pleasure to invite you to participate at the final conference of the Erasmus+ Project **Professional Development of Vocational Education Teachers with European Practices (Pro-VET)**. The conference will be held at the Teacher Education Faculty in Belgrade, October 11-13 2022. The conference programme is provided in a separate file in this email.

The main goal of the conference is the presentation of the plan for the sustainable professional development of vocational education teachers in Serbia in line with the public policies and practices of the EU member state countries. As this will be an opportunity for a discussion on the guidelines and steps to be taken in further development of vocational education, we believe that your attendance would be beneficial on several levels – from the level of public policies (the main topic of the first day of the conference) to obtaining information about the project results and your participation in workshops moderated by the project participants from the European Union (JAMK University of Applied Sciences, Jyväskylä, Finland; Aeres University of Applied Sciences, Wageningen, The Netherlands; Warnborough College Ireland, Dublin, Ireland; Universität Bremen, Germany) and from the Republic of Serbia (University of Belgrade – Teacher Education Faculty, University of Novi Sad – Faculty of Philosophy and Faculty of Economics in Subotica, Academy of Technical and Art Applied Studies in Belgrade – School of Electrical and Computer Engineering, and Novi Sad School of Business, Novi Sad).

The working language of the conference is Serbian. Simultaneous interpreting from/into English will be provided.

Should you need any additional information, please do not hesitate to contact us.

Best regards,

On behalf of the University of Belgrade Team
Danijela Kostadinović-Krasić, Full Professor, Vice-Dean for International Cooperation and project coordinator from the Teacher Education Faculty, University of Belgrade
